Subject: Proposed Agenda for CA AE Workshops

Hi Holly,

I spoke with Michele Dermer last week about the California workshops and here are our initial thoughts:

- Two workshops (about 1.5 days each) – same workshop; either at state facility or at hotel; research webcast capability
 - o Bakersfield, CA in early March 2015
 - o Sacramento or Los Angeles in April 2015
- Attendees
 - o California state employees
 - o Class II industry
 - o Owners/operators
 - o Consultants
- Draft Agenda / Topics to be covered (Day 1):
 - o Introduction / Background on AE
 - o Present Peter's Memo (walk through memo and checklist)
 - o State discussion

- Scoping meeting with the operator(s) on the proposed exemption request
- Elements of the proposed AE request
- How the state will review the package, including the interface between DOGGR and the Water Board on the current use/future use analysis
- Public review process
- Submittal to EPA
- o Question & Answer
- Day 2 (1/2 day):
- o Detailed presentation on current use analysis
- o Other more detailed presentations on checklist items
- Possible Handouts
- o Sample request Region 8 receives
- o RODs EPA has done (e.g., Lync, or others)- show level of detail of analysis EPA needs to support approval or denial of AE
- o other

Thanks,

Lisa
